SEEDLINGS, BETTER MIXTURE	\$2.75 per dozen, \$16.50 per 100		
SEEDLINGS, RED CUP MIXTURE	2.75 per dozen		
SEEDLINGS, PINK MIXTURE	2.75 per dozen		
SEEDLINGS, LEMON MIXTURE	3.75 per dozen		

In the pinks and red cups, there are various shades of coloring, and many may not develop any color under certain weather conditions. Nearly all the seedlings have been at one time selected from our breeding plot, and after further trial been placed back in mixtures, hence they average better in quality than ordinary mixtures, and give occasional superb blooms.

Page 4
NOTICE !

Our 1960 catalogue will be somewhat later than usual, hence we are sending out this early price list. For more complete descriptions of the varieties listed here, see our previous catalogues; however, do not order from the old catalogue prices, nor should you order varieties found in them but not listed here. New catalogues are to be mailed to those who have ordered in the last two or three years, and to those who have remitted 25¢ for catalogues in the last two years. If you do not receive your copy by early July let us know.

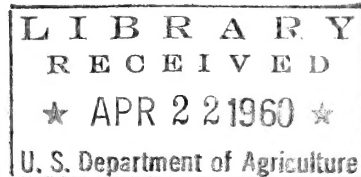

DISCOUNTS ON EARLY ORDERS

On orders of \$10.00 or more sent to us by May 1st and accompanied with cash, 10% discount may be deducted. Or if you prefer, we will give extra bulbs to the amount of the discount. Prices are for double nose bulbs except in the case of some of the species and species hybrids which normally make a small percentage, if any, double nose bulbs, in which case we send round bulbs. Shipments of bulbs begin about September 1st.
